[Computer Science & Engineering Department will organize "Web Designing competition" on 25 Mar 2014.]

Puzzle

Three people check into a hotel.

They pay £30 to the manager and go to their room.

The manager suddenly remembers that the room rate is £25 and gives £5 to the bellboy to return to the people.

On the way to the room the bellboy reasons that £5 would be difficult to share among three people so he pockets £2 and gives £1 to each person.

Now each person paid £10 and got back £1.

So they paid £9 each, totaling £27. The bellboy has £2, totaling £29.

Where is the missing £1?
