MESSAGE FROM HOD

Engineers are not born, they are made. Computer engineers and scientists are now widely recognized as an essential source of tools and techniques for advancement in nearly all spheres of human endeavor. Department has well qualified and experience faculty to inspire the students to develop their technical skills. All the Faculty members of the Department have been actively participating and contributing in National and International Conferences and Seminars every year.

Right from its inception, the department has been offering excellent infrastructural facilities to motivate students to meet the burgeoning demands of IT industry. Department has developed the state-of-art, fully air-conditioned laboratories in various fields of Computer Engineering, Database Management Systems, Computer Networking, Artificial Intelligence, Software Engineering, Multimedia, Web Designing, Compiler Design, Advanced Java Programming, Software Development Processes Lab, Computer Graphics, Internet and Web Technology etc. The Department's focus on training of latest software's, online live projects, motivation for learning, intellectual efficacy and self-reliance which provide the best foundation for continuing professional achievement.

Warm regards,

Ms. Tapsi Garg

Details of Various Events Held

QUIZ COMPETITION ON 21st MARCH 2013

Computer Science & Engineering Department has organized "QUIZ COMPETITION" on 21th Mar 2013. Overwhelming response from the students was witnessed in the event. 85 students registered themselves on the event.

Winners of competition were:-

1st Prize Mr. ABHISHEK TIWARI (CSE III Year)

2nd Prize Mr. GAURAV PANDEY (CSE IV Year)

QUOTE OF THE MONTH

"As different streams having different sources all mingle their waters in the sea, so different tendencies, various though they appear, crooked or straight, all lead to God."

-Swami Vivekananda

Vision

To be recognized globally for delivering high quality education in the ever changing field of computer science & engineering, both of value & relevance to the communities we serve.

Mission

1. To provide quality education in both the theoretical and applied foundations of Computer Science and train students to effectively apply this education to solve real world problems.
2. To amplify their potential for lifelong high quality careers and give them a competitive advantage in the challenging global work environment.

Upcoming Events

[STUDENT PAPER CONTEST]

[Computer Science & Engineering Department will organize a "STUDENT PAPER CONTEST" on 25th Aug 2013.]

Puzzle

We have 12 coins and a balance. 11 coins are of the same weight, but one coin differs in weight (note that you do not know whether the coin with different weight is heavier or lighter!). You may perform three weighings to find out which coin has a different weight, and whether this coin is heavier or lighter.

Ques:-How should you perform these three weighings to find out which coin has a different weight, and whether this coin is heavier or lighter?
