MESSAGE FROM HOD

Our understanding is that persons who are clear and thorough about the fundamentals can adapt to rapid changes in technology relatively easily. We want the education imparted to our students to be the basis of a life time of learning.

We believe that this approach to teaching-learning, coupled with practical experience gained during Industrial Training in reputed organizations, equips our students to handle the challenges posed by the software industry. I am confident that you will find our students worthy of your organization.

As H.O.D. I wish to take the opportunity to assure you that I will try my best to maximize students participation in the department and will keep the admin transparent.

Warm regards,

Dr. Saurabh Goel

HOD, CSE

Details of Various Events Held

"QUERY ON SPOT" ON 20th AUG 2012

Computer Science & Engineering Department has organized "QUERY ON SPOT" on 20th Aug 2012. Overwhelming response from the students was witnessed in the event. 34 students registered themselves on the event.

Winners of competition were:-

1st Prize Ms. HEBA AHMAD (CSE III Year)

2nd Prize Mr. YASH AGARWAL (CSE II Year)

QUOTE OF THE MONTH

"When an idea exclusively occupies the mind, it is transformed into an actual physical or mental state."

Swami Vivekananda

Vision

To be recognized globally for delivering high quality education in the ever changing field of computer science & engineering, both of value & relevance to the communities we serve.

Mission

1. To provide quality education in both the theoretical and applied foundations of Computer Science and train students to effectively apply this education to solve real world problems.
2. To amplify their potential for lifelong high quality careers and give them a competitive advantage in the challenging global work environment.

Upcoming Events

[GATE MOCK TEST]

[Computer Science & Engineering Department will organize "GATE MOCK TEST" on 15th Oct 2012.]

[CAT MOCK TEST]

[Computer Science & Engineering Department will organize "CATMOCK TEST" on 23rd Oct 2012.]

Puzzle

The five pieces shown below must be put together to a square.

The Question: How should this be done?
