Of Technology, Ghaziabad**

**Our Partners:-** Microsoft Partner, AUTODESK, Panasonic, ORACLE WORKFORCE DEVELOPMENT PROGRAM, Wonderware

Department of Information technology, RKGIT organised an Online Workshop on 'Android' on 24th of November, 2020 inculcating the corresponding skills in more than 150 students.

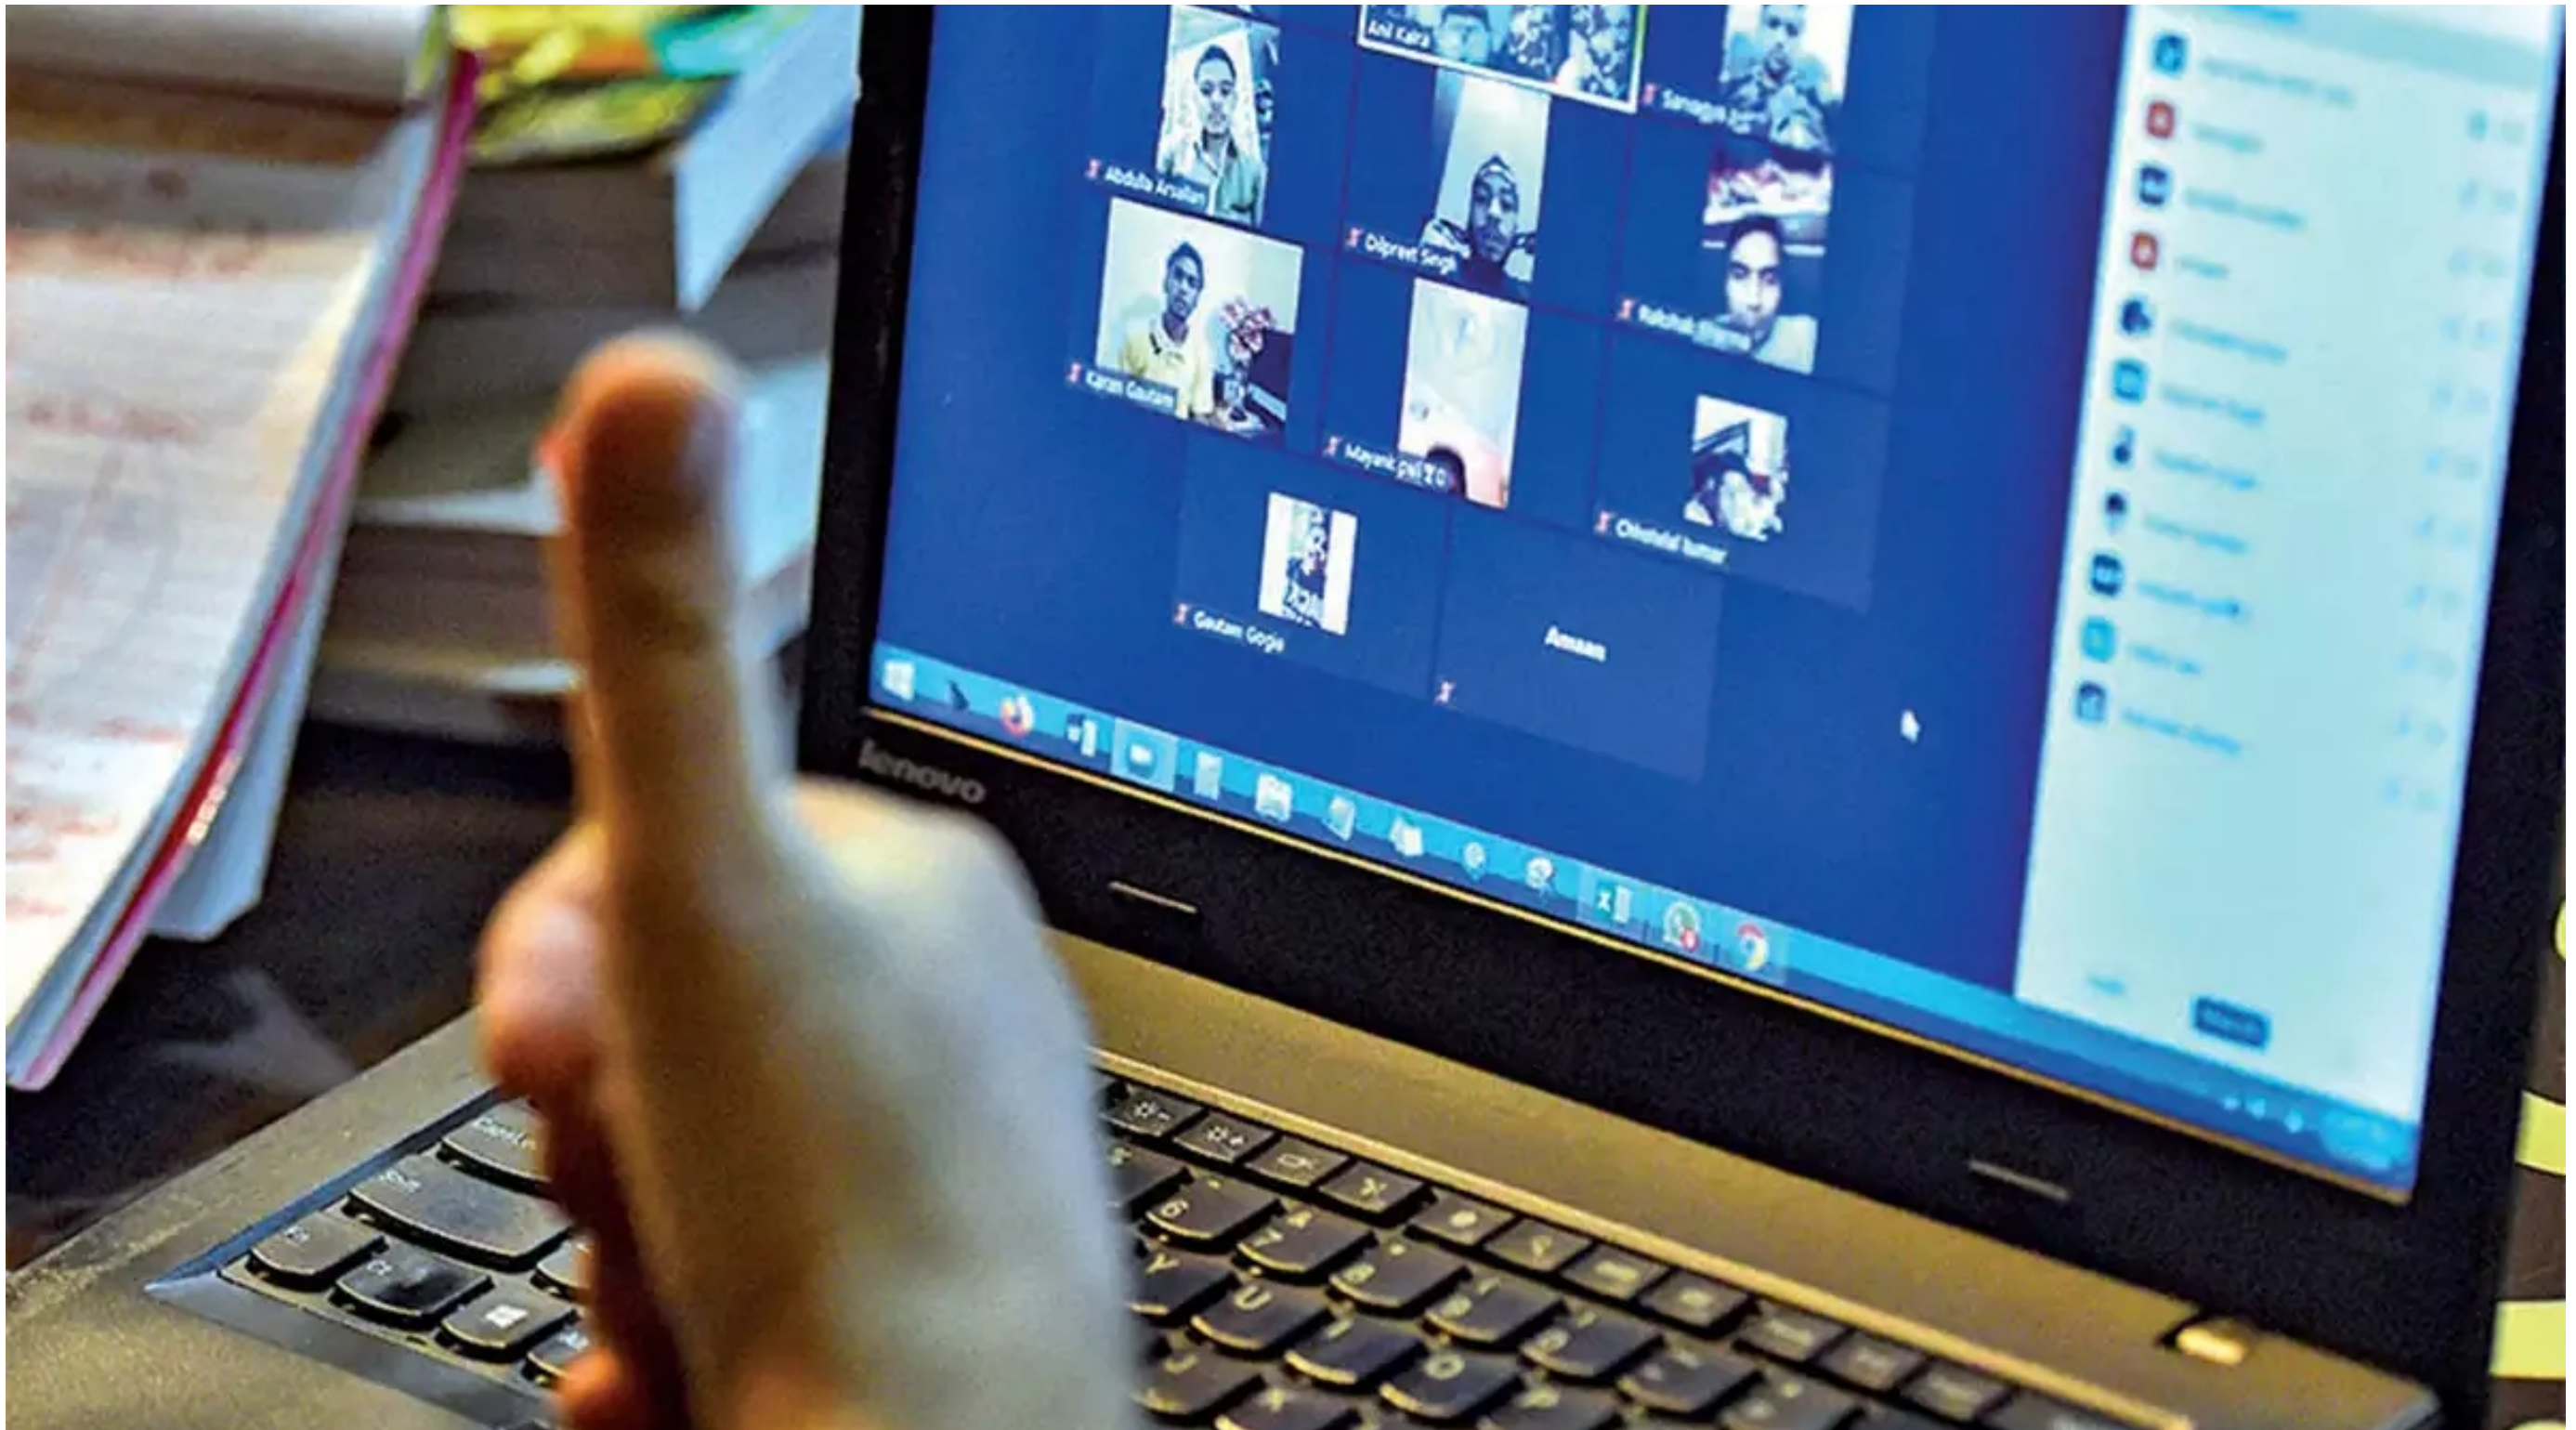

The Speaker, Mr. Vishal Bhatt ,an expert in Android Development from CETPA institute took over the Webinar to give lessons on various aspects of 'MEAN Stack'. The Instructor gave brief yet deep insights on the concepts of Application Development. Not only this, he also explained core elements of the android system, and to further strengthen the learning, a dummy app was made and shown to the attendees as well.

On a whole, the Webinar turned out to be great and successful. Because, what else can be better than learning new things when idle!

# Capsule Course for Placement

---

Being in engineering college means you need to get placed and for that just having limited knowledge is not enough. Definitely for getting good placement at IT firms you need to have competitive knowledge which is far different from the course. But fortunately we have so many of dedicated faculties who are always there to help us at every stage. And few of them were Mrs. Ritu Agrawal, Mrs. Priya Rana and Mrs. Neha Jain, along with IT Dept. they also took classes in ECE Dept. and covered Java, Data Structure and C language from competitive point of view. The classes were from 5th of Oct to 23rd of Oct. They covered almost every topic which was important for placement. Even the topics were very clearly explained. Thinking for students' placement and providing such facility was great initiative from college as well as our faculties.

## Priya Sharma

Batch 2014-2018

I take this opportunity to convey my profound gratitude to Raj kumar goel institute of technology, Ghaziabad for their never-ending

support and commitment towards the students. Our college has always worked and helped each one of us to excel in what we are good at. I would like to thank all the faculties of I.T Department for their sincere efforts of bringing out the best of us and for all the motivation and encouragement they always have given us! It's the result of their support and guidance that today I am here applying my thoughts in one of the well known MNC. I would like to say a big thank you to the teachers and the college for everything they've done for us and are still doing. To my dear juniors, I will say that have faith in yourself and keep practicing to succeed in your life.

## Manjul Verma

Batch 2016-2020

I would like to thank all the faculties of IT department for their right guidance and constant support .

My journey at RKGIT was tremendous and all the friends that I made here, i will always cherish them . My advice to everyone is that learn from all the experiences that you will have at RKGIT, they will help you to figure out your future. Thoroughout my 4 years I had so many inspiring people around me in the form of faculty and friends,i will always be grateful to this institution
