International Engineering & Technology Fair (IETF) 2019

During 3rd-5th February 2019, IETF organized International Engineering & Technology Fair (IETF) 2019 in Pragati Maidan, New Delhi.

Agenda :

IETF is portrayed as a
- A Platform, promoting the Next Generation of Big Businesses
- Delivering Excellence and Innovation for Future Businesses
- A Mega International B2B Event for Engineering & Technology
- A Platform to Network & Forge Partnerships with the Govt. & Industry Stakeholders.
- A Global Hub for Sourcing by the Industry.

The event received an encouraging response of 500+ exhibitors and participation from over 25 countries, the 23rd IETF 2019 featured focused shows encompassing the various requirements of a manufacturing unit including:

- Industrial Automation & Robotics.
- Logistics and Learning & Skills.
- Metal & Metallurgy.
- Clean Tech Environment amongst others.
- It also had exclusive shows on new age sectors showcasing innovations and role of digitization like Artificial Intelligence.
- Gaming and Health Tech.

Some of the important highlights of event included:

• Country Pavilion from Germany, Japan, Korea and Latvia
• Special technologies driven by AI for Manufacturing at Artificial Intelligence Expo
• Special Focus on AI in Healthcare and Environment
• Display of innovative and technology oriented automation including industrial robots etc at India Industrial Automation and Robotics Expo
• Start Up Zones offering smart and intelligent solutions and technologies for Manufacturing
• Start-up Corner for Healthcare Technology and Innovation Start-ups including Special participation by Israeli Companies
• A focused event on Greener Manufacturing highlighting energy conservation and waste management, Clean tech Environment Expo

• Technologies for material handling and advanced tracking including end to end solutions for all logistics requirements at The Logistics Expo.

Various parallel events and activities including Experience Zones driven by Artificial Intelligence, Special AI Showcase by Women Entrepreneur, Free Breast Cancer Check Up for all Women participants by UE Life Science, E-Sports and many other such events were also planned concurrent to IETF 2019.

Concurrent to IETF 2019 a series of activities and sessions to engage industry and enhance its role in Manufacturing and co-operate with global players was also planned.

Students from our college attended this exhibition on two days 3rd &4th February 2019. 100+ students from RKGIT accompanied by Mr. Praveen Kumar , Mr. Vikas Rajpoot , Dr. Ashish Singh , Mr. Jassu Kumar and Mr. Madhup Agrawal , participated in the exhibition. The event gave an insight of Indian Engineering & Technology sector and its future prospects.

Outcomes :

The event was successfully held. The students students of RKGIT has actively participated in it . Many other initiative for development and welfare of students.

Faculty co-ordinator:
Dr. Ashish Singh
