Report on- Workshop on Entrepreneurship Skill, Attitude & Behaviour Development” on 28th February 2022

Institution innovation council of Raj Kumar Goel Institute of Technology, Ghaziabad Under Entrepreneurship, Innovation and Incubation Department at Raj Kumar Goel Institute of Technology, Ghaziabad organized a one-day Workshop on Entrepreneurship Skill, Attitude & Behaviour Development “from 03.00PM onwards on 28th February 2022_ It was well-received by more than 300 participants of various colleges. RKGIT as a mentor institute organized this event for its mentee institute namely-

1. BUDDHA POLYTECHNIC COLLEGE, Gorakhpur,
2. Inverts University-Bareilly,
3. Shri Ram Swaroop Memorial College of Engineering and mangement-Lucknow,
4. IIMT COLLEGE OF POLYTECHNIC-Greater Noida &
5. Kumaun University- Uttarakhand.

Prof. Puneet Chandra Srivastava,(Dean EII-RKGIT) started the session with a warm welcome to all the attendees, introduced the mission and vision of EII Department established at RKGIT campus., and gave an overview of its’ function & activities. He then introduced the guest speaker. The session was delivered by guest speaker. Mr. Vivek singh, CEO VS Energy & Harmonization pvt. Ltd.

This workshop aimed to spark the entrepreneurial spirit in the budding innovators by guiding them on how to convert their Innovative Ideas and emerge as successful Entrepreneurs. Becoming an entrepreneur is an important career decision, and to plunge into this domain requires the right skill set, attitude, and behavior.

The speaker highlighted some of the key characteristics of an entrepreneur, which are:

- 1 Empathy is instilled through entrepreneurial ideals and related “ways of thinking, doing, feeling, seeing, communicating, organizing, and learning things.”
- 2 Development of strategic thinking and scenario planning skills, as well as the ability to make intuitive decisions based on little knowledge.
- 3 Stimulating a variety of entrepreneurial behaviors’ such as seeking for and seizing opportunities, networking, taking initiative, convincing others, and making intuitive decisions. This necessitates a diverse set of pedagogical tools.

Objectives of the Event: To encourage the students to take up Entrepreneurship and to make to make them aware of the skills required, attitude to have to be an entrepreneur and the behavior changes to be made to become entrepreneur from a student.

Outcomes of the event: To lack skills is not acceptable to become an Entrepreneur, it is of utmost importance to have required skills and to simultaneously hone them to the required level as an entrepreneur faces a lot of

situations in his day to day life where he has to use various skills to solve

different problems encountered. An entrepreneur has to face rewards and rejection in the business and to deal with all those he has to have a right attitude and behavior, which our students have learnt in this workshop.

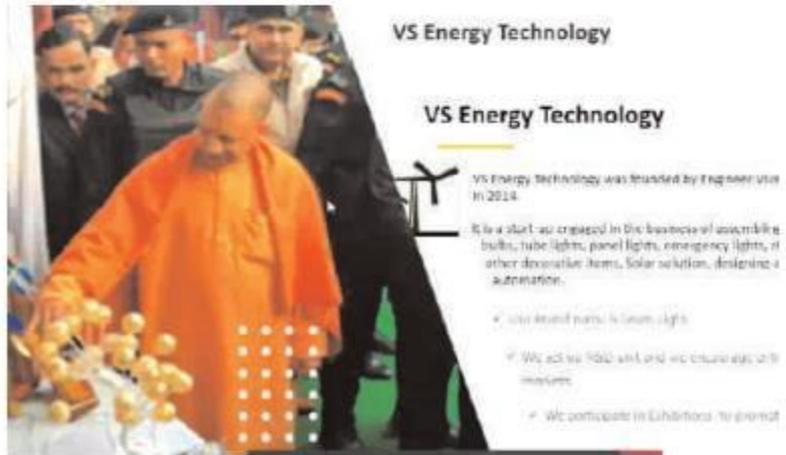

The session ended with a Q&A session, giving the participants opportunity to clarify their doubts .

The session was concluded with vote of thanks by Dr Puneet Chandra Srivastava, Dean, EII-RKGIT, and Ghaziabad. The online event was attended by 300 above Faculty, staff and students from the college.

How the system works ?

The entire cycle start with a systematic model-

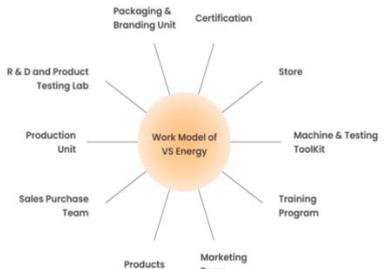

We first decide location and then we organize 5 days training program with batch strength of 30 for which before training program we received 150+ registration from different states.

Below are the points what we cover in training program-

- ✓ Manufacturing of LED products (LED Bulb, Solar lamp, Diwali LED Jhalar, AC/DC bulb)
- ✓ Assembling
- ✓ Production & Innovation
- ✓ Repairing
- ✓ Packaging
- ✓ Marketing and branding
- ✓ Installation

After training process we help them to start their own start-up, to open their own small assembling unites. And we help them to provide support through government, help to provide loan, MSME and help.

There is no qualification boundation, no category boundation anyone (professionals, uneducated, male, female) can join this training program.

VS Energy Technology Role in Covid-19 PANDEMIC

This idea came into mind in the start of the lockdown period. India's largest community kitchen started feeding to migrants who were coming by Bus, Train, by walk from other cities. On a daily basis we were distributing foods to 20,000-25,000 needy people. At that time people were calling us for food, Ration and job also.

Then we thought now import from china will reduce so why not to start making LED products in India. It will reduces our import and migrants will get job. So due to interest of people and increasing consumption of LED Product in India we started a mission towards Atmanirbhar Bharat on 1 June.

This journey is operated under Gorakhpur Industrial Development
